Missions

Summary of comprehensive updates adopted on: [December 12, 2014](#)

Substantive revisions include the following

Texas Tech University System:

The only change to the System's mission statement was the addition of Texas Tech University Health Sciences Center at El Paso to the list of the System's component institutions.

Texas Tech University Health Sciences Center at El Paso:

The addition of a mission statement for TTUHSC El Paso was adopted. Although the El Paso campus became a free-standing institution on September 1, 2013, the development of a Board-approved mission statement for the new institution was pending the arrival of a permanent president of the institution.

President Richard Lange took office on July 1, 2014, and submitted a proposed mission statement for TTUHSC El Paso.

Amendments to "Missions" adopted since Dec. 12, 2014:

05-19-2017 ... Revised the Mission statement of TTUHSC.

09-01-2021 ... Amended to add mission statement for MSU in recognition of MSU's transfer to the TTUS.

Chapter 00 – Definitions, Styles and Citations

Amendments to Chapter 00 adopted since October 10, 2014:

09-01-2021 ... added definitions for Midwestern State University (MSU) in §00.01.4 as a component institution of the Texas Tech University System.

Chapter 01 – Bylaws

Summary of comprehensive updates adopted on: [February 28, 2014](#)

INTRODUCTORY NOTE:

Where needed and appropriate, references and/or provisions relating to the Texas Tech University Health Sciences Center at El Paso are added, since the El Paso campus now is a stand-alone institution.

Substantive revisions include the following:

Responsibilities of the Board:

A state law provision regarding the Board having the legal responsibility of a fiduciary is added. ~~RA26RA2 pp-10z\$1BV/1g~~

Executive Committee:

The Executive Committee would be eliminated, as there is no longer a need to keep this committee on the books. Under the requirements of today's Open Meetings Act, the timeframe and process it takes to convene a meeting of the 5-member Executive Committee is the same as for gathering a quorum of the Board for a special called teleconference meeting. [see former §01.02.8.d(5)]

Advisory nature of special committees and the IAC:

New provisions would clarify that, unless the Board makes a specific delegation of authority to a special committee or the Investment Advisory Committee (IAC), those committees serve only in an advisory capacity. [§01.02.8.e(4) and §01.02.8.f(2)]

Procedure for suspension of the *Regents' Rules*:

A procedure for motions to suspend the *Regents' Rules* is added. The vote required to approve a suspension of the *Rules* would be a simple majority of members who are present at the meeting. [§01.02.9.f]

Board members' participation at commencement ceremonies:

Given the new, expanded schedule of commencement ceremonies for TTUHSC and TTUHSC at El Paso, Board members would be "encouraged" (as opposed to "expected") to participate in the commencement ceremonies of the component institutions. [§01.06]

***Regents' Rules* review:**

The schedule for reviews of the *Regents Rules* would be changed from "every four years" to one that is an ongoing process ... which in turn would require the Regents Rules Review Committee to be a special "advisory" committee that's always in place and available to study and recommend changes to the *Regents' Rules* whenever needed and appropriate. [§01.07]

Amendments to the *Regents' Rules*:

The Board would be able to adopt amendments to the *Regents' Rules* at special called

Consulting contracts:

-- Currently, Board approval is required for consulting contracts that cost more than \$25,000. There are occasions, though, when the initial intention is to pay a consultant more than \$25,000, but the consultant needs to start work prior to the date of a Board meeting at which Board approval can be granted. An informal process that's been used in these situations is codified within Chapter 07 whereby an "over \$25,000" consultant can begin work prior to Board approval **if**:

y the contract includes a provision that limits the amount the consultant can be paid to no more than \$25,000 unless and until the Board has approved the contract; and

Chapter 10 – Intellectual Property Rights

Summary of comprehensive updates adopted on: [October 9, 2015](#)

This will provide a summary of changes to Regents' Rule 10 which governs Intellectual Property. With this summary you will receive the proposed rule in full. An important part of development of the revisions to Rule 10 has been a parallel process extensively involving the TTU Faculty Senate which has led to revisions to TTU Operating Policy 74.04. Because that process has been integral to the revisions of Rule 10, we make reference here to some of those important changes.

Introduction and Status

Current Rule 10 was last revised in 2008. The 2015 revisions to Rule 10 reflect the work of several constituencies. The Office of Research Commercialization ("ORC"), the Vice Presidents for Research, the Provosts and other administrators have provided helpful input. The faculty senates at Texas Tech University, Angelo State University and the Texas Tech University Health Science Center have also reviewed and approved the changes. (Currently, there is no separate Faculty Senate at Texas Tech University Health Science Center at El Paso. El Paso faculty is represented by the El Paso Faculty Senate.)

[Summary of changes to Chapter 10, continued]

OP 74.04 seek to clarify faculty work which is (or is not) work for hire. Those clarifications are in proposed Rule 10, Section 10.02.14 and OP 74.04, Section 11 (i).

Taken together, the general statement of ownership for copyrightable works and the clarification of work for hire is intended to recognize traditional views regarding academic copyrightable materials and course preparation. With respect to teaching materials, however, TTU does reserve a license for instructional use. See proposed Rule 10.03.3(a)&(f).

Investment Policy Statement for the Short/Intermediate Term Investment Fund

12-13-2019 ... Deleted and replaced by new STIF and ITIF policy statements.

Summary of comprehensive updates adopted on: [August 8, 2014](#)

Changes to reflect organizational responsibility for Short/Intermediate Term Investment Fund (SITIF):

- The Texas Tech system has organized and separated the two investment offices to align the offices with their fund responsibility. The Assistant Vice Chancellor of Treasury and Cash Management ("Treasurer") is responsible for the SITIF. [see changes throughout the document]

Simplify references to the Operating Funds Investment Committee to the "Committee." [see changes throughout the document]

Compare investment manager performance against an index for the asset class, and set new performance goal for investment managers:

- "The performance of each investment manager will be evaluated against a comparable index for its asset class and should outperform that index over a rolling three-year period. Managers underperforming over that period will be considered by the Committee for replacement." [§9.1.b]
- This is a change from the current policy of comparing investment manager performance against that of a peer group. An index for each asset class does exist, while finding a deep enough I Tdeacebyth(c)-4 (d)-4 (g-0.7 1ti)- (al fr)-8 ((m))10.4 (ti)-6.9

Investment Policy Statement for the Short Term Investment Fund

12-10-2020 ... Deleted and replaced by new CCP policy statement.

12-13-2019... Due to significant differences in investment objectives and the day-to-day management as carried out by Office of Treasury and Office of Investments, the Investment Policy Statement for the Short/Intermediate Term Investment Fund (SITIF) was split into separate policy statements. The SITIF investment policy statement was deleted and, for the Short Term Investment Fund (STIF), a new investment policy was adopted.

Summary of new STIF Policy Statement:

- y Investment objectives same as current SITIF:
 - preservation and safety of principal;
 - liquidity; and
 - return.
- y Day-to-day operations by the Office of Treasury.
- y Investment Vehicles:
 - Short Term Pool; and
 - New – Municipal Bonds rated A or better, Bond mutual funds of high quality as defined in the current policy.
- y New sections – to outline administration of Cash Pool relationships with depositories and Broker/Dealer selection for the Short-Term Pool.
- y Line up management fee assessment with the annual budget process.

Investment Policy Statement for the Comprehensive Cash Pool

12-10-2020... To create greater clarity on the use and oversight of institutional operating funds, the Investment Policy Statement for the Short Term Investment Fund (STIF) and Intermediate Term Investment Fund (ITIF) were combined into the Comprehensive Cash Pool (CCP), and a new investment policy statement was adopted. This change enhanced the distinction between operating funds and endowment funds which are managed under the LTIF.

Summary of new CCP Policy Statement:

- y Investment objectives are same as current STIF:
 - preservation and safety of principal;
 - liquidity; and
 - return.
- y Investment Vehicles: Investment structure of three segments based on cash flow requirements to provide sufficient liquidity covering operating outflows as well as preserving the system's excellent credit ratings
 - Cash Segment (to meet current operating needs);
 - Contingency Segment (to provide a margin of safety to meet current or unplanned expenditures); and
 - Noncurrent Segment (assets not needed in the other two segments to invested over a time horizon of 5 years or greater).

Investment Policy Statement for the Long Term Investment Fund

Summary of comprehensive updates adopted on: [August 8, 2014](#)

Changes in the Asset Allocation were presented to and approved by the Board of Regents on October 11, 2013. Additional changes are proposed now to the Investment Policy Statement for the Long Term Investment Fund ("LTIF") specifically to correlate with revisions proposed to Chapter 09, *Regents Rules*.

The Investment Advisory Committee ("IAC") undertook a thorough review and rework of the LTIF Investment Policy to address not only the approved Asset Allocation changes, but clearly define core beliefs, governance, as well as objectives and goals. In addition, a number of sections were added or updated to grant authority to the Chief Investment Officer ("CIO") in managing the overall investment strategy. The following is a summary of the changes proposed to the aforementioned sections.

Core Beliefs:

--

Management Fee:

- This section was updated to reflect the build-out of a professional team by codifying that the Office of Investments will receive 50% of the investment management fee approved by the Board of Regents. The CIO will prepare an annual budget for submission and preliminary approval by the IAC. The System CFO and Chancellor will, in turn, present the recommended budget to the Board of Regents for approval as part of the operating budget process. [*§20*]

Policy Allocation Target and Ranges:

- Schedule A was updated to incorporate the Asset Allocation as approved by the Board of Regents on October 11, 2013. This section, in addition to the new derivatives policy, addresses guidelines and authorities related to implementing the Beta Overlay for the portable alpha program, along with the Tactical Allocation program. [*see Schedule A: §1 and §2*]
- The Beta Overlay program simply allows the CIO to gain passive exposure to markets, such as the equity market, through a derivative contract (i.e., a futures contract). The collateral for the derivatives is invested in a combination of cash (20%) and low, uncorrelated hedge fund strategies (80%). [*see Schedule A: §3*]

Derivatives Policy:

- The Derivatives Policy was added to provide clear authorities and guidelines in the use of various derivatives for hedging, overlaying or structuring exposures with options. There are hard limits to the amount of overall derivatives exposure, as well as limits on OTC (over the counter) exposure. OTC exposure means that you have counterparty risk. This is also addressed by requiring credit support annexes and transfer thresholds, essentially turning an OTC swap into the same risk profile as an exchange traded futures contract. [*see Schedule D*]

Amendments to LTIF policy statement adopted since Aug. 8, 2014:

05-19-2017 ...

[Amendments to LTIF Investment Policy, continued]

12-10-2020 ... Various amendments throughout to:

- x Update role and responsibility of the Finance, Administration, and Investments Committee (FAI), the Chief Investment Officer (CIO), and Chief Financial Officer (CFO).
 - x Delete all references to the Investment Advisory Committee and replace with description and function of the Investment Resource Committee (IRC) which will be managed by the CFO.
 - x Clarify/simplify performance benchmarks (Global 60/40 + 100 bps over) and strategic benchmark (CPI+5% over rolling 10-year periods).
 - x Updates to statement on core investment beliefs.
 - x Inclusion of quarterly report by the CIO to the FAI committee.
